ABOUT US

We are the official digital platform to support the accommodation search of Erasmus Life Lisboa, Porto and Aveiro. Our main goal is to make Lisbon the number one destination for International Students and Youth Workers and make your experience of finding housing fast, safe and easy!

WE CAN HELP YOU

VERIFIED ACCOMMODATIONS

We work as intermediaries between students and owners, checking all apartments and rooms before offering them. All offers go through our team that verifies all information and photos

EASY AND SECURE RESERVATIONS

We have a team specialized in finding the best option that best suits the needs of the student or young worker. With a strong online, offline and in-person presence, we book accommodation securely, even from a distance.

WE ARE MORE THAN A BOOKING WEBSITE

We have a specialized team to find the best option that suits the student's needs. As well as a wide range of options available so that each student can choose the accommodation that best suits his or her needs.

WHAT MAKES US DIFFERENT?

AVOID SCAMS

Partnership with dozens of landlords. Rooms checked by our specialized team.

COMMUNICATION

We are a young and motivated team. Quick and hassle-free responses on multiple digital platforms.

SUPPORT

Digital and face-to-face, each student is different so the service provided will be personalized.

We are here to make sure you have the best possible student experience in Portugal! So if you are not sure which area is best for you, or if you have more questions about life in Lisbon, feel free to write us a message on our social media channels or see our partner's website!
